Scientific Computing - AI for science and operations at STFC

Paul Quinn (SCD/RAL)

11 Nov 2026, 12:00

R61 CR03 (RAL)

AI is rapidly changing how we do science and there are numerous challenges in building out the AI infrastructure needed to support AI at scale. Here I will give an overview of AI activities in SC and how we're working to evolve AI tools for science and operations at STFC.
