

Updated discussions on 3c

Monday, 28 April 2025 12:10 (35 minutes)

Discuss specific answers to 3 of the 4 scenarios listed:

1. If Japan proceeds with the ILC in a timely way? (2. If China proceeds with the CEPC on the announced timescale?)
2. If the US proceeds with a muon collider?
3. If there are major new (unexpected) results from the HL-LHC or other HEP experiments?

(2) will be discussed as part of the 3e discussions

Session Classification: Session 1: FCC strategy in global context. Scenario planing.
