

# ICEC27-ICMC 2018

## Tuesday, 4 September 2018

### M-10: Radiation and other degradation effects (11:00 - 12:00)

time	[id] title	presenter
11:00	[11] M-10:005 - Solid methane in radiation: neutron cryo moderators and cometary cryo volcanism	
11:20	[12] M-10:16 - Study on irradiation effect of insulating materials for fusion superconducting magnet: change in electric insulation performance by irradiation	
11:40	[13] M-10: 346 - Continuum Damage Mechanics analysis of the process pipes at cryogenic conditions
