

ICEC27-ICMC 2018

Tuesday, 4 September 2018

E-03 - Expanders, cryo-pumps, compressors, regenerators and other components (11:00 - 12:20)

time	[id] title	presenter
11:00	[19] E-03: 133 - Performance testing of the FRIB helium compression system at MSU	
11:20	[20] E-03: 148 - Study on the cavitation of liquid oxygen flowing through the globe valve	
11:40	[21] E-03: 281 - Characterization of a scroll-type compressor for driving a JT cryocooler working at liquid helium temperature	
12:00	[22] E-03: 347 - Characterizing Helium pulsating heat pipes
