

## Migrating to Atlassian

*Thursday, 4 August 2022 15:00 (1 hour)*

I wanted to use this session to bring together people who have started (or want to start) using these tools to discuss the different approaches we have taken to setting things up since the June F2F.

So please do come with opinions or questions about

- How we should be using these tools
- What you / we have already set up
- Setting up stuff but don't know how to or how you should

**Presenters:** CORBETT, Greg (STFC); DEWHURST, Alastair (STFC)

**Session Classification:** Division Discussion
