

Direct reactions and spectroscopy with hydrogen targets: past 10 years at the RIBF and future prospects

Wednesday, 2 August 2023

Collectivity from Zn to Zr (09:00 - 10:20)

-Conveners: Sidong Chen

time	[id] title	presenter
09:00	[32] Multiple shape coexistence around $Z = 30-48$ studied with beyond-mean-field methods	RODRÍGUEZ, Tomás R.
09:30	[44] Kiwis or frisbees? Onset of deformation above $N=50$	WERNER, Volker
09:55	[34] Shape coexistence in neutron-rich Kr and Se isotopes	CHEN, Sidong
