

Muon User Meeting 2023: celebrating the work of Pabitra Biswas

Tuesday, 12 September 2023

Quantum Magnetism (11:20 - 12:40)

-Conveners: Peter Baker

time	[id] title	presenter
11:20	[25] Quantum spin liquids on triangular spin lattices	Prof. ZORKO, Andrej
11:40	[8] Quantum disorder in low-dimensional molecule-based magnets	LANCASTER, Tom
12:00	[20] Organic Superconductivity Nearby Quantum Criticality of a Magnetic Frustration	SARI, Dita Puspita
12:20	[26] Do spin dynamics persist at low temperature in frustrated magnets?	BLUNDELL, Stephen
