

# 16th International Workshop on Spallation Materials Technology (IWSMT16)

## Friday, 1 November 2024

**Collaborations, opportunities and future plans e.g. for materials irradiations & PIE: (Conveners: Ste Gallimore) (09:25 - 10:15)**

time	[id] title	presenter
09:25	[13] CSNS remote handling system and PIE plan	Mr LI, Zhiduo
09:50	[16] Capacity building and PIE research on CSNS remote handling sample preparation and mechanical property testing	□, □□

**Collaborations, opportunities and future plans e.g. for materials irradiations & PIE: (Conveners: Ste Gallimore) (10:35 - 11:25)**

time	[id] title	presenter
10:35	[35] Conceptual Study of Post Irradiation Examination (PIE) Facility at J-PARC	Dr SAITO, Shigeru
11:00	[60] Collaborations and opportunities for materials development, manufacturing and irradiations at University of Birmingham	CAI, Biao
