Nick H - Concerns people have is that they might be interested in a role, but they come out piecemeal.

Alastair D – Commenting on the job ads, there isn't one page. There's lots of internal pages. Filtering isn't good. Selecting SCD filters OUT SCD jobs. "It's on the portal". Provide links.

- Rest of SLT unsympathetic of issue. Andrew needs allies. Willing to raise again.
- Are being allowed to plan 80% of budget.

Jacob W – If position is that SCD 2025 doesn't move forward for 2 months, can we get an update saying situation normal nothing happening. Even just an email.

- Andrew happy to

Brian – LM changes impact on APR? UKRI APR system changing again.

- As with any LM change, usual process will happen as to old/new LMs having input.
- STFC takes a different view. No plans of change yet.
